1882.

My dear S Gray

I am very sorry to
hear of your accident,
but I trust your accident
will splice itself to the
rest of you in the course
of two or three weeks.
Many thanks for the
pamphlet, which I have
read with much satis-
faction and learning
and shall most

today.

I meant to get you at
my house at dinner with
St. Carpente some time during
his stay and I trust you
will be well enough. We had
him and Mrs. C. en famille
last week and enjoyed it
much.

Always truly yours

O. W. Holmes
